ACQUIRE

The Africa Consortium for Quality Improvement Research in Frontline Healthcare

A note from ACQUIRE

Welcome to the ACQUIRE Adult Colouring Book, created to bring a touch of whimsy to the grown-up boys and girls whose essential work sustains our healthcare systems.

ACQUIRE celebrates the dedication of healthcare workers driving Quality Improvement (QI) across Africa. This illustrated book, featuring quotes from Quality Improvement champions, is our way of encouraging you to take a moment to relax, refresh, and recharge.

Colouring offers a simple way to unwind, reduce stress, and spark creativity. As you bring these pages to life, we invite you to pause, breathe deeply, and enjoy the joy of this mindful activity.

Here's to a fulfilling 2025—one where you prioritise your wellbeing as much as the systems you improve.

From the good folks at ACQUIRE.

About ACQUIRE

Our Big Idea

ACQUIRE seeks to build learning health systems that ensure high-quality health care for everyone in sub-Saharan Africa.

Our Vision

Health care systems characterised by continuous learning that results in quality of care for all.

Our Mission

To strengthen the capacity of frontline health care workers, institutions and governments to apply rigorously performed quality improvement research to everyday practice in sub-Saharan Africa.
